

# Indane Gas

**History:-** Indane gas is one of the largest LPG suppliers in India. They launched indane lpg gas in India in 1970's. Indane lpg gas brought revolution in the country as it free the household from unhealthy smoky chullahs. Indane gas made the environment clean and pollution free. It made cooking convenient and hassle free. There are around 5.8 million indane lpg gas users in India. [Indane gas](#) refilling and lpg bottling plant is located at 3500 mts above the sea at leh.

There are around 5000 indane gas distributors all over India covering urban and rural areas. Indane lpg gas sales is controlled by indane gas offices in different areas. Indane LPG gas distributes around 1.20 million cylinder to its customer daily.

**Gas Supply:-** Under guidelines given by Ministry of Petroleum, Indane is providing new connections to consumers through a very simple process. All one requires for Indane Gas Verification is to present an identity proof and having fulfilled all formalities, it takes hardly any time for the gas connection to be installed. Ration card is the best for Indane Gas Verification as it is a complete proof of an individual's background. Consumers are a satisfied lot because Indane gas refilling is prompt and there is no waiting for days. Stocks are ample and supplies are systematic to ensure that no consumer is deprived of their fill.

The process of Indane Gas Verification is thorough and cross-checks the requirement of the applicant. This in turn makes [Indane gas booking](#) a satisfactory and complaints if any are noted and there is immediate redressal. Suitable care is taken to make indane gas verification a simple and time-bound process so that applicants are not left waiting endlessly.

In transfer cases, indane gas verification is given due priority so that the applicant does not suffer

after moving to a new location. There is little or no inconvenience in Indane gas refilling as the user simply has to place a call and give one's consumer number on phone and the cylinder is booked. Compared to other LPG companies, Indane gas refilling is faster.
